

CG DACHAU

Note: The Dachau material on loan to I.T.S. from the US Army is not all original camp material only. It includes many records compiled by the " after liberation " camp administration, e.g. Evacuation Hospital reports, burial reports, correspondence of the Dachau International Information Office. Also many of the original records have been added to or completed after liberation date but as this work was done by former camp "Schreibstube" employees it can be assumed that the information given is authentic.
